

Macomb Park District

# Backyard Birding Cards

WINTER  
IN ILLINOIS  
EDITION

Let your birding and  
identifying adventure  
begin!

To get started, simply  
print and carefully cut  
out the individual cards.  
Add binoculars, a  
sketchbook, a pencil,  
and your favorite quiet  
spot for birding!

Birds can be  
everywhere! The best  
time to look for birds is  
during their early  
morning and late  
afternoon feeding times,  
as this is when they are  
most active.

Happy exploring and  
tag us at  
[@lakeviewnaturearea](#)  
with your backyard  
birding discoveries!
