

# Nature Scavenger Hunt

## PHASES OF THE MOON OBSERVATION GUIDE

This nature scavenger hunt challenges you to explore the night sky to discover and identify 8 moon phases!

Did you know, we only see the part of the moon's surface area that is reflecting the sun's light back toward us? Happy exploring and tag us at @lakeviewnaturearea with highlights from your phases of the moon scavenger hunt!

### INSTRUCTIONS:

1. Cut out the scavenger hunt below on the dotted line.
2. Glue or tape it onto a heavy weight paper to add strength and trim off the excess.
3. Observe the night sky from your backyard, neighborhood, or local park to discover and identify the differing moon phases.
4. Use small clips, clothespins, or a pencil to mark off the moon phases you discover each month!
